

HUSSMANN®

EcoVision Doors

EcoVision Doors

For New or Existing Multi-Deck Dairy, Deli & Beverage Cases

Easy to See, Easy to Save!

Save up to 65% on energy with unmatched product visibility and shopper appeal

Maximum Product Visibility & Shopper Access

- ▶ Easy shopper access from unique French door design without center mullion
- ▶ Clear visibility even at an angle
- ▶ Optimum sales and merchandising opportunities
- ▶ Preserve peak traffic flow in aisles

Microban® Antimicrobial Protection on Door Handles

- ▶ Protects from stain and odor causing bacteria for cleaner shopping environment
- ▶ Continuous protection for the life of the door handle

MICROBAN® is a registered trademark of Microban Products Company

Easy Stocking & Cleaning With Door Hold-Open

- ▶ Minimum shopper interruption during stocking
- ▶ Easy cleaning with full access to four feet of shelving with door hold-open

Reduce Refrigeration Energy by up to 65%

- ▶ Reduced energy load from French doors that allow less heat into the case
- ▶ Further energy reduction with no-heat needed in door or frame
- ▶ Save more energy with LED lighting; also works with fluorescents

Retrofits Also Available!

EcoVision Doors are easy to install & will pay you back in no time. Hussmann Excel cases can be retrofitted for immediate energy savings.

Contact your Hussmann representative for details about retrofitting your existing cases.

EcoVision Doors Fit Easily into Your Store's Design

- ▶ Best-in-class aesthetic appeal
- ▶ 24-inch door fits well in narrow aisles
